

C O P Y

August 12, 1958

Dear Senator McClellan:

The Committee on Foreign Relations this morning considered your letter of August 5, 1958 relative to the proposed negotiated sale of surplus electrical and radio equipment of a classified nature.

On the basis of information supplied to the Committee on Foreign Relations by the Central Intelligence Agency, the Committee instructed me to inform you that it has no objection to the proposed sale. The Committee felt, however, that the proposed sale should be considered by the Senate Committee on Armed Services and the Senate Committee on Appropriations, both of which have had more direct responsibility in connection with operations of the Central Intelligence Agency than this Committee has had.

Sincerely yours,

Theodore Francis Green,
Chairman
